Narrative Justification:									
Description									
Funds are used to support Base Procured Investment Equipment for flight line maintenance.									
Mission Benefits									
Funds allow for the procurement of one time purchases to replace/procure new equipment.									
Deliverables									
Will be based on requirements approved for replacement or procurement of new equipment.									
Economic Analysis									
Economic Analysis (EA) or Cost Analysis (CA) are completed for individual projects that qualify.									
Impact									
Without these funds, wings would not be able to procure needed replacement items. These funds are required to support one-time requirements for equipment that is becoming obsolete and logistically unsupportable. With a certified EA, it is verified that these capital items meet requirements as a replacement item and result in improved efficiency and capability.

Total	0	1,216.0	1,216.0	0	840.0	840.0	0	0.0	0.0
Narrative Justification:									
Description									
Surface Deployment and Distribution Command (SDDC) Equipment for installations where SDDC has direct operations oversight. These installations are considered a vital part of the strategic Continental United States (CONUS) power projection platform supporting warfighting commanders around the world. The installations that SDDC has direct operations oversight are relied upon to maintain a high OPTEMPO consisting of general cargo movements, ammunition resupply missions, pre-position operations and Foreign Military Sales operations.									
Mission Benefits									
Various types and categories of equipment are needed for operations and safety. Equipment is scheduled for periodic replacement as service lives are reached and equipment becomes uneconomical to repair.									
Deliverables									
Equipment ensures the safe, secure and sustainable network of interconnected operational support systems which enhance SDDC operations and cargo throughput capabilities regardless of contingency; now and into the future. SDDC's equipment is programmed in accordance with the lifecycle replacement schedule.									
Economic Analysis									
Economic Analysis (EA) are completed for individual projects that qualify.									
Impact									
Failure to fund will adversely impact Surface Deployment and Distribution Commands (SDDCs) ability to meet safety standards and support the warfighters.									
Software									
Not Applicable.
